

WE DO NOT WISH to have ANY (non-personal) calls to disturb me at any time! If I want other information I will be the one to make the calls!

Also, we have 2 ELDERLY family members (85 and 95) who reside alone in their own homes and it makes it very difficult for them to rise up and run to answer the phone for USELESS CALLS! They would be susceptible to con artist callers if this were to continue to weaken Wisconsin's Laws.

We PAY (dearly) FOR telephone PRIVACY not for unwanted calls!
